**EX-CEL**®

**EX-CEL**® *if*

Available in 10/13/16/19/25 &amp; 30mm thicknesses. (Stocked in 4x8 &amp; 4x10)

 (visit [www.pioneersupply.com](http://www.pioneersupply.com) for technical manuals on the Excel Product line)

### Excel IF (Integral Foam) PVC

Available in Regular Density and Low Density (LD), Excel IF product is a lightweight, easy to fabricate PVC material with a low flammability rating and a good sound and thermal insulation. It is self-extinguishing, non-toxic and has a smooth surface in a semi-gloss finish.

Suitable for advertising signs, displays, exhibition stands, models & prototypes, embossing & engraving as well as point of sale items. It can be cut, sawed, sheared, punched, drilled, nailed, milled, riveted, screwed, painted and engraved. A good WHITE product for outdoor applications. (Oversize mounting holes and float hung). (Ready for outdoor use)

**EX-CEL**® *ff*

### Excel FF (Free Foam) PVC

A lightweight, easy to fabricate PVC material with a fine cell structure that is designed **primarily for interior applications** including advertising signs, point of sale type signs. This product is available in (13) different colors including white. (Colors offered in 3mm and 6mm thickness). White is stock in 4x8 sheets from 1mm-6mm thickness as well as 4x10 sheets in 3mm and 6mm. It is also in stock in 5x10 sheets in 3mm and 6mm. It is also in stock in 12.7mm, 19mm and 25mm. (Exterior applications with this product can be achieved, but only on the 12.7mm, 19mm and the 25mm product as recommended by the manufacturer, always test).

**EX-CEL**® *PRO*

### Excel PRO PVC (DIGITAL)

This product was designed with the UV flatbed printers in mind.

- \* Film masked to facilitate handling and keep the sheet clean of oils and dirt.
- \* Brightest White in the Industry!
- \* Production slowed for a flatter, truer surface. Less chance for high/low spots to washout your image and less chance of headstrikes.
- \* Superior ink adhesion with PRO. What you print stays on the print.
- \* Higher density for better strength & durability
- \* Color fastness when used with UV cure process
- \* Variety of sizes: 4x8, 4x10 and 5x10 in 3mm and 6mm.
